Fareeth Raja

ASSOCIATE PRODUCT MANAGER | AI + FINTECH PRODUCTS

India | +91 9159469088 | fareethraja.26.careers@gmail.com | fareeth.vercel.app | linkedin.com/in/fareethraja | github.com/fareethraja

MBA Finance and Marketing candidate and technical product builder with hands-on ownership across AI, fintech, trading workflows, payments, onboarding, QA, and user-facing web products. Turns broad goals into requirements, user journeys, acceptance criteria, test plans, and release-ready workflows.

CORE PRODUCT SKILLS

- Product: requirements, PRDs, user stories, acceptance criteria, prioritization, roadmaps, stakeholder communication, launch planning
- Technical: Next.js, React, TypeScript, Go, MySQL, REST and WebSocket APIs, OAuth, payments, Docker, Git, Figma
- AI + Fintech: Azure OpenAI, multilingual chat UX, AI guardrails, screeners, backtesting, paper trading, trading journals
- Analytics: activation, retention, conversion, funnels, Power BI, Excel, data visualization, market research

EXPERIENCE

Product Manager | Finverse client engagement via Bermer Software Limited | Feb 2026 - Present

- Own product planning for an AI-powered stock-market platform spanning Zeno AI, screeners, strategy builder, backtesting, paper trading, courses, checkout, and admin tools.
- Translate founder requirements into implementation-ready specs, user journeys, edge cases, bug lists, QA checks, and release priorities across frontend, backend, AI, payments, and admin modules.
- Shape multilingual finance-assistant flows with guest limits, market-data enrichment, rate limiting, tool-grounded responses, and safety guardrails.
- Define and validate Razorpay checkout and course-access logic: server-side signature verification, coupons, feature flags, webhook hardening, and verified access states.
- Test trading workflows including screeners, watchlists, PnL, candles, quotes, strategy rules, and backtest journeys for retail users.
- Improve production readiness through admin workflows, upload handling, CORS lockdown, health checks, environment configuration, and deployment validation.

Product Intern | Bermer Software Limited / Niyantha Transits Private Limited | Jan 2026 - Present

- Converted early hardware/IoT product ideas into clear presentation narratives, roadmap direction, and stakeholder-ready material.
- Supported product positioning and business communication before moving into the Finverse product engagement.

Product Manager (Technical) | KiddoFin | Bengaluru | Dec 2025 - Jan 2026

- Represented KiddoFin at Google as the primary product presenter, communicating product vision, user value, and stakeholder narrative.
- Led website delivery, automated email onboarding, product roadmaps, feature plans, and product pitches for an early-stage product.

Human Resource Management Intern | Peunier | Remote | Dec 2024 - Jan 2025

- Built job descriptions and hiring reports, screened candidates, and streamlined ATS workflows; helped hire 13+ candidates in one month.

PRODUCT CASE STUDIES

Finverse | AI-powered Stock Market Super App | 2026

- Designed flows across Zeno AI, screeners, strategy/backtesting, paper trading, courses, checkout, admin tooling, and market-data workflows.
- Built a coherent user loop: learn, ask, analyze, simulate, track, and pay only through verified access states. Case study: fareeth.vercel.app/work/finverse

SmartSlot | Mobile-first Dental Appointment PWA | 2025

- Built a mobile-first booking product for dental students and interns: daily slots, WhatsApp booking links, leave-day controls, and case tracking without patient login.

RoomSpace | Roommate Key Tracker | 2025

- Built a shared key-tracking tool with accountability, real-time updates, offline synchronization, and a simple shared source of truth.

EDUCATION

- Krupanidhi College of Management | MBA, Finance and Marketing | Oct 2024 - Present | CGPA: 8.38/10
- University of Madras, The New College | B.A. Economics, Gold Medalist | Oct 2021 - Apr 2024 | CGPA: 7.16/10

CERTIFICATIONS

- Market Research for Product Management (MTF Institute) | UI/UX Design and Product Management with Figma (Hudson Dynamic Lab)
- Microsoft Excel: Beginner to Advanced (Udemy) | Power BI: data transformation, DAX, dashboards, publishing | Agile, Scrum, and PMP fundamentals

ACHIEVEMENTS

- Gold Medalist, B.A. Economics | Represented KiddoFin at Google as primary product presenter | First prize: Apple brand story and Hybrid 2.0 sustainable automobile concept | SDG Championship 2022 finalist
